
Features

Easy mounting on wall, ceiling and/or in soffit via integrated hanging brackets.

Compact case with motor.

Supplied with extra high, black border on top to achieve ideal viewing height.

Automatic stop for extending and retracting guarantees long lifespan of projection screen fabric.

Black border increases perceived clarity of projected image.

Options

- Screen fabrics Matte White S and High Contrast S.
- Formats video (4:3) and HDTV (16:9).
- Case colours in white and black.
- See also the Cinema RF Electrol with built-in radio frequency remote control.

Accessories

(see pages 16-17 and 72-73)

For mounting

- Ceiling brackets
  10800002 max. 100 cm long
- Wall brackets
  10800001 75 cm long
  10800041 30 cm long
- Wall clamps
  10800006
- Bracket kit for easy mounting in soffit.
  10800089

For operation

10800009 Key switch
10800055 Easy Install RF remote control
10800058 Easy Install IR remote control
10800068 Easy Install plug & play relaybox with dry contacts

For more Easy Install detailed information, see pages 16-17.

▲ **Electrically operated projection screen equipped with an extra high black border on top for optimum viewing height, very suitable for Home Cinema and/or high rooms.**

Technical characteristics

- Projecta products satisfy the strictest quality and safety requirements in Europe and are CE approved.
- Projecta ensures that the quality of its products are monitored by the TÜV/GS programme.
- Steel case with galvanised inner side and white powder coated outside (RAL 9016) or black (RAL 7021).
- Matte White S: double-sided laminated vinyl on a woven fiberglass carrier with black backing; gain 1.0 and viewing angle 50° L/R.
- High Contrast S: double-sided coated grey vinyl on a woven fiberglass carrier with black backing; gain 1.0 and viewing angle 45° L/R.
- Screen fabric(s) satisfy the requirements for fire resistance of construction materials and components.
- In addition to a 5-cm. black border all around, Video (4:3) and HDTV (16:9) formats also have an extra high, black border.
- All electrical projection screens satisfy the following product safety standards: IEC 60335-1; 60335-2; DIN19045-5 and IEC 61000 for Electro Magnetic Compatibility.
- Motor with 5-year guarantee and CE quality mark.
- Somfy motor with 17 RPM (revolutions per minute) and 90 Watts.
- Supplied complete with 3-metre connection cable and separate wall switch (CE quality mark).
